

PROFILE

I have 3+ years of experience in IT industry, worked with HCL technologies as a Backup admin using Veritas Netbackup tool and HPSM. I also got professional 3 months training on Devops.

Currently, working with 3 Pillar Global as a Senior Software Engineer in Devops role, working on AWS managed infrastructure for both Linux and Windows. And using Jenkins for deployment, also well versed with CI/CD implementation using Jenkins. Worked on Ansible for configuration management.

I am Devops professional and always ready to grab new opportunities and learning new things.
